Dear Harold, What do you know about James Allen Smith? Apparently the CIA knows some reporters (possible/probable) are on to Smith as the Sarasan ass 4/4/68. Good to hear from you! We're close to getting it all out in the open + you're the grandfather of all this hard work - that's finally coming to fruition! Will have to put your statute up in D.C. one of these days! Jack

12/30/90

he was CIA +

knew Bush well
